

FUTURE FORWARD COMMUNITY SCHOOL

A SAMPLE WEEK AT A GLANCE

A school day designed around strong academics, personalized learning, real-world experiences, and emerging technologies.

MONDAY – FRIDAY CORE LEARNING DAYS

Strong academics. Personalized support. Real-world learning.

Core Academics

TEKS-aligned instruction in reading, math, science, and social studies.

Learning Labs

Hands-on learning, exploration, and skill-building.

Authentic Projects

Real-world learning that builds knowledge and skills.

Accelerated & Targeted Help

Accelerated learning and targeted support in reading and math to close gaps and keep students on track.

Goal Setting & Progress

Students track their growth and set goals for what comes next.

THURSDAY

LEADERSHIP, COMMUNICATION & READINESS

Building skills for school, life, and what comes next.

Leadership

Build leadership skills, take initiative, and practice problem-solving.

Communication Skills

Practice speaking, listening, and presenting.

Readiness

Healthy habits for success in school and beyond.

Clubs & Activities

Explore interests and get involved.

Academic Support

Extra time for assignments, projects, and skill-building.

FRIDAY

REAL-WORLD FRIDAYS

Connecting learning to life, work, and the future.

Career Exploration

Discover interests, explore careers, and connect learning to future opportunities.

Financial Literacy

Learn real-world money skills.

Entrepreneurship

Explore ideas, solve problems, and think creatively.

Military Readiness

Explore opportunities, build discipline, and develop skills for future pathways.

Community Experts

Learn from local professionals and community partners.

Project Challenges

Apply learning to real-world experiences.

Portfolio Updates

Document progress and showcase learning.

FLEXIBLE SCHOOL DAY

A full day of learning that meets Texas instructional requirements, with flexibility to maximize time for academics, support, enrichment, and real-world experiences.

Future Forward Portfolio Studio

Each student builds a digital portfolio over time with teacher support and technology tools. Students use this time to organize their work, set goals, reflect on their growth, revise projects, and prepare for high school and future opportunities.

MEETING STUDENTS WHERE THEY ARE AND HELPING THEM

PREPARE FOR WHAT COMES NEXT.
